Chairman's Message

It gives me immense pleasure to welcome you all to our grand initiative towards creating a quality in built Teacher's Training Institute as a noble contribution to the society. The motivation for establishing the Institute in Bihar has come chiefly out of two observations:

- 1) Dearth of well educated, trained teachers who can ignite the young minds, who can harness the potential of youth for the benefit of humanity and who can act as a catalyst to bring positive changes in the society.
- 2) Huge employment opportunities for trained educated youths in academic institutions across the State and the country as well

It is in this backdrop that "Mundeshwari College for Teacher Education" has been established as a quality oriented institute for education. Accent is on to bridge the gap of well educated and trained teachers which is a prerequisite for overall educational development of the State.
